4.3 Backend

The screenshot shows the MongoDB Atlas interface for the 'eyash's Org' project. The left sidebar contains navigation links for Overview, DEPLOYMENT, Database, SERVICES, and SECURITY. The main panel displays the 'e-commerce.users' collection with a search bar and tabs for Find, Indexes, Schema Anti-Patterns, Aggregation, and Search Indexes. The 'Find' tab is active, showing a query filter and the results of a query. The query results are displayed in a table format, showing the first 4 of 4 documents.

Query Results:

Document
